

WHAT HAPPENS INSIDE WIMBLEDON MUSEUM?

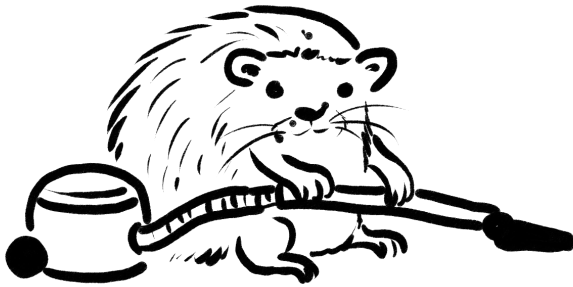

WE MIGHT BE CLOSED BUT WE'RE KEEPING BUSY!

RESEARCH

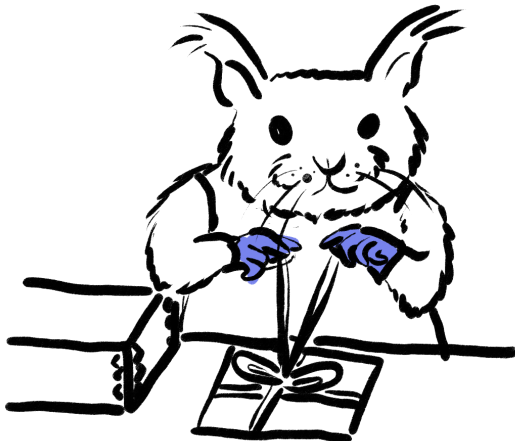

CONSERVATION

CLEANING

RECORDING

STORAGE

PEST CONTROL

Research helps us to answer queries or find out more about objects

Conservation repairs damage and keeps objects safe.

Cleaning keeps dirt out of the museum.

Recording objects makes sure we know where they are.

Storage involves packing things to keep them safe and in good condition

Pest Control is catching and keeping track of insects and bigger pests.
